Marie: I am so sorry. So many memories of Bob during our days back at Maryvale High School have flooded back into my memory after learning of Bob's passing. He was a unique kid back then who grew into just as unique a man - husband and father. God has given us all memories to sustain us at these times. Please know that you and Bob's entire family will be in our thoughts and prayers. Jim and Jackie Chiswell

Mr. Carson will be fondly remembered and speaking on behalf of all those kids he coached back in little league, including myself, had a significant impact on all of us. Like no other coach prior to or after him, had someone shown an incredible knack to make you want to win and play beyond your abilities. The hard nosed approach worked for all us based on our successes under him. You know someone has left their mark on you when thirty plus years removed you still speak of those times in the all star tourneys and the practices where it all happened. "take a lap"rest in peace.
